SPLENDID ARTICLE.

The Glenmore Whisky is distilled at the Glenmore Distillery, in Daviess county, Kentucky, which distillery was started about 24 years ago by Mr. R. Monach, and, at which distillery, for years, there were distilled the famous brands of "Glenmore."

The whisky is of the heavy bodied Daviess county type and has always been a favorite and a good seller amongst the most discriminating trade who insist on getting heavy bodied goods.

The distillery is located about 1½ miles east of Owensboro, Ky., on the Ohio river, on one of the most ideal distillery sites in the State. In 1901 a vast amount of money was put into the plant in improvements until it was recognized by the trade as one of the very best houses in the State. The water supply is very fine, and is inexhaustible, so that whisky can, to good advantage, be made at the distillery at any season of the year. The goods have a peculiar character that we have seen in no other whisky, and which individuality causes the customer to stick to the brand and make it very hard for others to try to substitute other goods for it.

The whisky is distilled on the sour mash system. The unaged whisky is distilled throughout the distillery, in fact, the most delicate plant will grow any where around or under the fermenters or the yeast room. The distillery is operated on very large scale, has an output running from 120 to 150 barrels per day.

The above high grade goods on sale at John Driscoll's at \$2.00 per gallon.

We are requested by Mrs. R. P. Pepper to state that the award of the premium for the best decorated vehicle was not to the King's Daughters, but to Misses Pepper's vehicle. It was a very graceful thing upon their part and very gracefully done.

FRANKFORT, OCTOBER 15, 1904

AS TO CHANGE OF SITE.

Some time since, when the matter was first broached, Hon. L. F. Johnson, Representative from this county, issued a card in answer to the Louisville Times, stating why he was opposed to reopening the question as to the Capitol site question.

The following card from Col. E. H. Taylor, Jr., Senator from this district, is equally clear and emphatic upon the points at issue, which are again being agitated by the certain influences:

Frankfort, Ky., Oct. 8th.
Commercial Club, Louisville, Ky.:
Dear Sirs:—On October 1st, after an absence of two months from the State, I found your communication requesting my views touching the desirability of a change of site for the new Capitol. In reply, I would say that the subject is not at all new to me; nor, as I believe, with the members of the Legislature. The matter was thoroughly discussed by the committees of the two houses, and by the members, and, as I believed, conclusively settled by the almost unanimous vote of both legislative bodies.

My views are in thorough accord with legislative action, and the people of Frankfort, one of whom resides in a unit in favor of the present site. I can not see the advisability of reopening a question, which, if done, might extend to the original matter of Capitol location, and such a question could be easily allowed to the dignity and reputation of the State and to the progress and prosperity of the people.

Very truly,
E. H. TAYLOR, JR.

A BIG BALLOT THIS YEAR.

Upon the official ballots for the coming November election, there will be six electoral tickets, which will be arranged in the order set out below: Democratic, Republican, Populist, Prohibitionist, Socialist and Socialist Labor.

It will be a regular blanket affair and will be very cumbersome to handle.

NASTY MESS.

The grand jury of Christian county has brought in indictments against nearly all the officials of the Western Lunatic Asylum, at Hopkinsville. There are all sorts of charges, and if half the charges are true, there is a nasty mess being stirred up.

ASSIGNED.

Mr. M. L. Carmody, who has been conducting a grocery in the Heeney building, corner of Second and Shelby streets, has made an assignment for the benefit of creditors. Mr. L. B. Marshall is the assignee.

BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses everyday give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it.

In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

Shattered Nerves and Weak Heart.

Too Nervous to Sleep or Rest.

Dr. Miles' Heart Cure and Nervine Cured Me.

A shattered nervous system nearly always leads to some affection of the heart, especially where the patient's heart is weak from nervous causes. Dr. Miles' Heart Cure is not only a great heart tonic, but it is a blood tonic which speedily corrects and regulates the heart's action, enriches the blood, removes the constipation. It will build you up just as it did Mr. Crockett, whose letter follows, and greatly improve your general health:

"I have been greatly benefited by Dr. Miles' Nervine and Heart Cure that I recommend them as the best remedies for diseases they are recommended to cure. When I first started taking these medicines I was not only nervous and pale, but I was scarcely ten pounds, my nerves were badly shattered and my heart troubled me a great deal. I had pain in my left arm and my heart would flutter and palpitate. I could not scarcely eat any kind of food without experiencing distressing symptoms and nervous that I slept little night or day. Now I am never bothered with my heart, when I sleep soundly for a day, I feel well, eat well and weigh fifty-five pounds. I am healthy now and am trying to make back the money I spent for doctors who did me no good. That was me.—T. R. CRAWFORD, Texas.

MONUMENT TO ED. PORTER THOMPSON WILL BE DEDICATED NOVEMBER 3.

On account of the absence of Gen. Fayette Hewitt, who is attending the Episcopal Convention in Boston, the dedication of the monument to Capt. Ed. Porter Thompson, Orphan Brigade Historian and late State Superintendent of Public Instruction, has been postponed from October 20 to November 3.

Col. Hiram Hawkins, of the Fifth Kentucky Infantry, is the only Colonel of the brigade living. He resides near Eufaula, Ala., and has written to Secretary Thomas D. Osborne that he will attend the reunion and dedication. Gen. Fayette Hewitt will be master of ceremonies. All the railroads in the South have made a reduced rate for the meeting, and it is expected that there will be a large attendance. The Daughters of the Confederacy will also be present at the dedication. As there are members of the Orphan Brigade in eighty-two counties of Kentucky, the press of the State is asked to copy this notice of the dedication.

FRANKFORT MAN APPLIES FOR POSITION IN WASHINGTON CITY.

Chas. G. Mutzenbergh, of this city, is a candidate for the position of Official Stenographer to the House of Representatives, at Washington, D. C., to fill the position of one of the deceased reporters of that body.

Mr. Mutzenbergh is highly recommended by Judge George Durelle, ex-Governor W. O. Bradley, Hon. J. W. Yerkes, Judges A. R. Burman, Ed. C. O'Rear, Reapublican members of the Kentucky Court of Appeals, Judges Settle, etc., of the Democratic portion of that court, by four ex and present circuit judges of the mountain section of Kentucky, and by an almost unanimous petition of the Republicans of the Eleventh Congressional District of Kentucky.

Mr. Mutzenbergh's reputation as a stenographer throughout Kentucky is unquestionably superior to that of any man in his party and for this, if no other reason, his appointment to the position to which he aspires, would be very much appreciated.

Mr. Mutzenbergh is well educated, a self-made man and with no other opportunity except is indomitable courage and perseverance accomplished what he has.

There is not a citizen in Frankfort, Ky., would not regret to lose Mr. Mutzenbergh yet we all, independent of party affiliation, would rejoice in his advancement to the position he seeks, and is so deserving of.

MONDAY'S SHOOTING.

About 10 o'clock, on Monday morning, Mr. Will Haydon and City Marshall Coleman S. Whitehead

became involved in a difficulty, in the course of which Whitehead fired two shots at Haydon. One ball went wild and lodged in the door casing of the New Palace Saloon, and the other struck Haydon on the breast bone, but failed to enter.

Haydon was once taken to the office of Dr. U. V. Williams and when his clothing was opened at the ball fell out. The wound, which was slight, was dressed and Haydon went to his home, after both he and Whitehead had been held on bond of \$500 each by Judge J. H. Polkrose.

A very close call and a wonderful escape.

THE QUEEN CROWNED.

Miss Eloise Boo, the handsome daughter of Judge C. E. Boo, who was chosen the Queen of the Carnival, was presented with the \$100 diamond ring, in the parlors of the Capital Hotel, on Saturday night, in the presence of a big crowd. Col. T. Hitter Crockett, in his most felicitous style, made the address of the occasion.

Miss Boo was accompanied by Miss Clifford Hazelrigg and Miss Pearl Gregory, as Maids of Honor (these ladies were the nearest competitors with Miss Boo in the contest.)

FIRST OF THE SEASON.

Our old friend, Mr. Joe Tracey, of Pe Ridge, has placed us under obligations for a sack of persimmons. They are the first of the season, and, strange to say, are as sweet and fine as any we ever ate.

This is unusually early for this delightful fruit, as usually heavy frosts are necessary before they are fit to eat. Mr. Tracey will please accept our thanks.

BIG SENSATION.

There was a big sensation in Evansville, Ind., when W. H. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes, "I endured insufferable agonies from asthma all year. New Discovery gave me immediate relief and soon thereafter effected a complete cure. Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's peerless remedy for all throat and lung troubles. Price \$5 and \$1.00. Guaranteed by all druggists. Trial bottles free.

FIRE AT PLEASUREVILLE.

About 12 o'clock, on Sunday night, a fire broke out in Pleasureville, which destroyed some seven or eight houses and burned up several cars loaded with lumber and coal, which were on the track at the depot. The fire was so hot and burning so furiously that the passenger express train, coming from Louisville, and a west-bound through freight train, were both compelled to stop and wait the extinguishment of the fire.

The passenger train reached here at 8 a.m. Monday morning.

CAN YOU EAT?

J. B. Taylor, a prominent merchant of Christian, Tex., says: "I could not eat because of a weak stomach. I lost all strength and ran down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures I tried the type of Kodol Dyspepsia Cure. I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." Kodol Dyspepsia Cure digests what you eat and cures. Sold by J. W. Gayle.

THE I. C. STATEMENT.

It was an Athenian who reduced the philosophy of happiness to two rules of action: Take much from life, and give largely to the living. And in the centuries that have passed since Pericles exemplified his precepts in his own life, the world has progressed but little beyond the ethical law upon which he insisted. The terms have changed, but reduce to its ultimate intention, the dogma of almost every school of moral science from his day until now is fairly stated in these words.

Judged by this standard of happiness, the year closing on June 30, 1904, was an exceptionally happy one for the Illinois Central Railroad, for during that year it increased materially both its gross receipts and its expenses. The fact that the current expenses of the road increased more than its gross receipts, ought not, perhaps, to be argued by the pessimist. The road has, at least, felt the joy of disbursing munificently. It has been a medium of enlarged and wonderful activity, carrying more of the commerce and travel of the nation than ever before. It has, at the same time, cost the road more to carry its business than before, and the ratio of increased cost has outstripped the ratio of increase in the gross income.

Stated in the more exact language of the figures of the report of the directors of the road for the year referred to, it is shown that the increase in gross receipts from traffic amounts to \$1,645,050.04, while the increase in expenses of operation foot up \$2,357,307.96. The reasons assigned for this disproportionate increase in operating expenses are: The prolonged cold season of the past winter, the increased cost of fuel and the increased wage scale of operatives. In the latter item alone the increase is shown to have been \$2,400,499.25.

There is food for reflection in this latter statement. It is sometimes bitterly complained by the working force that there is an unfair division with them of the profits of the gigantic industrial enterprises which transact the business of this Twentieth Century world. If there is reasonable foundation for such a charge, it certainly is not to be found in the fact that the largest item of increase in the expenses of this road for the year is in the wages paid to its operatives.

One moral, however, is certainly pointed out by this condition of affairs. It is cumulative evidence of National prosperity, which consists in augmenting the earning power of an individual, or of a corporation, and at the same time increasing still more in proportion the essential expense account of the earner. That the Illinois Central Railroad should show such a result at the end of its year's business is not matter for wonder. It would be if the results were otherwise. The road is an integral part of the commercial and industrial development of the United States, and necessarily reflects prevailing

conditions. The facts shown in the statement referred to indicate how closely identified are the best interests of labor and capital, and how impossible it is for the one to prosper or suffer without involving the other.

As the great commercial artery along which pulses the interchange of business north and south, the Illinois Central is of special interest to both sections. As the chief of the many lines of railway centering in Memphis and discharging their swelling tides of commerce through her gates, the road is of special interest to Memphis. And hence it is with more than ordinary gratification that Memphis unites with the rest of the busy world of commerce, North and South, in facilitating this enterprising line upon the splendid showing made. The Illinois Central has been an enlarged distributor of wealth during the past year. So much is evidenced by the annual statement. And in that respect, at least, it is to be congratulated upon having fulfilled what Pericles denominated the law of happiness. It has taken with a larger grasp of the business of the world, and dispensed with broader palm the result of its winnings.—Memphis Paper.

A THOUGHTFUL MAN.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an attack of rheumatism that there was trouble physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25¢ at all drug stores.

NARROW ESCAPE.

On Sunday night, about 7:15 o'clock, Lewis Glorie, who was under the influence of liquor, was walking on the street car track at the corner of Steele and Second streets, when a car came along bound for the North Side. The motorman called several times to Glorie, besides ringing the gong, but Glorie did not heed the warning. The motorman endeavored to stop the car, after he found the man was not leaving the track, but could not stop it in time to avoid a collision. Glorie was knocked down and rolled over by the fender, but, luckily, no bones were broken, although he was badly bruised and cut.

Surgical attention was rendered and the man taken to his home on the Lawrenceburg pike.

It is thought that he will soon be out again.

EXCURSION TO LOUISVILLE

On Sunday last an excursion train left this city for Louisville, at 8:10 that morning. There was quite a crowd on board. All went well with them until they reached Pleasureville, returning about 12 o'clock p. m., where the train was compelled to stop, as a lot of cars, loaded with lumber and coal, at the depot at that place, were found to be burning, and so obstructed the track that the train could not pass.

The excursionists did not reach home until 8 o'clock on Monday, and a more tired-out and disgusted lot of people were hard to be found.

The yard engine from this place and a patched-up train left here at 5:50 Monday morning (the hour for the accommodation train) for the scene of the trouble.

FINE RAIN.

A fine rain fell in this city and vicinity on Tuesday morning, commencing about 1:30 o'clock, and continuing until after day light.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdone. The poor patient and the rich patient too, can do much better at home by proper attention to the digestion, and application of German Syrup. Free expectoration in the morning is made certain by German Syrup, is a good night's rest and the absence of that weakening cough and debilitating night sweats, and slighter than the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate with your consumption, there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25¢; regular size, 75¢. At all drug-gists.
